Stocking warehouses in major cities enables faster service from sale to shipment...

CALCONDUIT™ EXPANDS REPRESENTATION AND PRODUCT WAREHOUSING INTO ALL MAJOR U.S. TERRITORIES

DOWNEY, CA (November 21, 2013) – Calconduit™, a leading US supplier and manufacturer of galvanized, aluminum rigid and EMT sweeps, elbows, nipples, couplings and fittings has expanded its representative coverage throughout the continental United States in order to meet the growing needs of its existing customer base.

Calconduit’s substantial available inventory, competitive pricing and commitment to servicing its customers means a dedicated, quick response to any project requirement, resulting in 24 – 72 hour turnaround on most production runs and specials.

“By working in collaboration with our sales representatives, Calconduit offers the industry’s shortest lead time from initial sale to shipment,” said Mike Lang, Product Manager. “Providing coverage in every continental U.S. region as well as maintaining stocking warehouses in major cities gives Calconduit customers the availability and service advantages they not only require but that are necessary in today’s market.”
